Independent Accountants' Report on Consolidated Financial Statements and Supplementary Information

Board of Trustees
Kiwanis International
Indianapolis, Indiana

We have audited the accompanying consolidated statements of financial position of Kiwanis International (Kiwanis) as of September 30, 2012 and 2011, and the related consolidated statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position of Kiwanis International as of September 30, 2012 and 2011, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the consolidated financial statements as a whole. The consolidating schedules of statement of financial position and statement of activities information listed in the table of contents is presented for purposes of additional analysis of the consolidated financial statements rather than to present the financial position and changes in net assets of the individual entities, and is not a required part of the consolidated financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the consolidated financial statements. The consolidating information has been subjected to the auditing procedures applied in the audit of the consolidated financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the consolidated financial statements or to the consolidated financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the consolidated financial statements as a whole.

Notes to Consolidated Financial Statements

September 30, 2012 and 2011

Note 1: Nature of Operations and Summary of Significant Accounting Policies

General

Kiwanis International and Affiliates (Kiwanis) consists of the following four affiliated organizations:

- **Kiwanis International**

Kiwanis International (International) is the parent organization and was organized in January 1915 and incorporated as a not-for-profit organization in August 1918 under the laws of the State of Illinois. Subsequently, in November 1997, International was incorporated under the laws of the State of Indiana. International consists of all chartered Kiwanis clubs. Individuals are members of their local Kiwanis clubs.

International has six permanent objectives:

- To give primacy to the human and spiritual, rather than to the material values of life.
- To encourage the daily living of the Golden Rule in all human relationships.
- To promote the adoption and the application of higher social, business and professional standards.
- To develop, by precept and example, a more intelligent, aggressive and serviceable citizenship.
- To provide, through Kiwanis clubs, a practical means to form enduring friendships, to render altruistic service and to build better communities.
- To cooperate in creating and maintaining that sound public opinion and high idealism, which make possible the increase of righteousness, justice, patriotism and good will.

International has the power to direct, manage, supervise and control the business, property and funds of Kiwanis International, to create, supervise, and control Kiwanis districts, and to grant and revoke charters for Kiwanis International clubs. International's primary sources of revenue are membership dues and fees, magazine subscription fees, liability insurance fees, convention fees and merchandise sales.

- **Kiwanis International Foundation**

Kiwanis International Foundation (Foundation) was incorporated as a not-for-profit organization in April 1939, under the laws of the State of Illinois. Subsequently, in December 1997, Foundation was incorporated under the laws of the State of Indiana.

The Foundation was created to form, promote, sponsor or assist related and qualified charitable, benevolent, eleemosynary, educational, religious or scientific enterprises. The Foundation provides funding for scholarships, merit awards, disaster relief and other various needs for supporting young children.

Kiwanis International and Affiliates

Notes to Consolidated Financial Statements

September 30, 2012 and 2011

- **Key Club International**

Key Club International (Key Club) was organized in 1946 and was incorporated as a not-for-profit organization in August 1947 under the laws of the State of Illinois. Subsequently, in December 1997, Key Club was incorporated under the laws of the State of Indiana. Key Club was established for the purpose of providing services to Key Club clubs.

- **Circle K International**

Circle K International (Circle K) was organized in October 1955 and incorporated as a not-for-profit organization in February 1957 under the laws of the State of Illinois. Subsequently, in February 2003, Circle K was incorporated under the laws of the State of Indiana. Circle K was established for the purpose of providing services to Circle K clubs.

The consolidated financial statements include the accounts of the above affiliated organizations. All material inter-organizational accounts and transactions have been eliminated in consolidation. The accounts of the member clubs are not part of the consolidated financial statements.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues, expenses, gains, losses and other changes in net assets during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

Kiwanis considers all liquid investments with original maturities of three months or less (excluding cash equivalents managed by outside investment firms) to be cash equivalents. At September 30, 2012 and 2011, cash equivalents consisted primarily of money market accounts in both the United States and foreign countries.

Effective July 21, 2010, the FDIC's insurance limits were permanently increased to \$250,000. At September 30, 2012, Kiwanis' cash accounts held in the United States exceeded federally insured limits by approximately \$275,000.

Pursuant to legislation enacted in 2010, the FDIC will fully insure all noninterest-bearing transaction accounts through December 31, 2012, at all FDIC-insured institutions.

At September 30, 2012 and 2011, funds held outside the United States totaled approximately \$1,055,000 and \$1,551,000, respectively.

Kiwanis International and Affiliates

Notes to Consolidated Financial Statements

September 30, 2012 and 2011

Investments and Investment Return

Investments are carried at fair value. Investment return includes dividend, interest and other investment income; realized and unrealized gains and losses on investments carried at fair value.

Accounts Receivable

Accounts receivable consist of dues and fees and other amounts billed to clubs, companies and individuals. Kiwanis provides an allowance for doubtful accounts, which is based upon a review of outstanding receivables, historical collection information and current economic conditions. Receivables are ordinarily due upon receipt of the invoice. Accounts unpaid for more than 90 days are considered past due. Past due receivables are written off based on individual credit evaluation and specific circumstances of the club. Clubs with past due balances may be considered for charter revocation by Kiwanis' Board of Trustees.

Property and Equipment

Property and equipment are stated at cost, or at their fair value at the date of donation. Depreciation is charged to expense using the straight-line method over the estimated useful life of each asset.

The estimated useful lives for each major depreciable classification of property and equipment are as follows:

	<u>Years</u>
Buildings and improvements	39 - 50 years
Furniture and equipment	3 - 20 years

Long-Lived Asset Impairment

Kiwanis evaluates the recoverability of the carrying value of long-lived assets whenever events or circumstances indicate the carrying amount may not be recoverable. If a long-lived asset is tested for recoverability and the undiscounted estimated future cash flows expected to result from the use and eventual disposition of the asset is less than the carrying amount of the asset, the asset cost is adjusted to fair value and an impairment loss is recognized as the amount by which the carrying amount of a long-lived asset exceeds its fair value. No asset impairment was recognized during the years ended September 30, 2012 and 2011.

Temporarily Restricted Net Assets

Temporarily restricted net assets are those whose use by Kiwanis has been limited by donors to a specific time period or purpose.

Kiwanis International and Affiliates

Notes to Consolidated Financial Statements

September 30, 2012 and 2011

Contributions

Gifts of cash and other assets received without donor stipulations are reported as unrestricted revenue and net assets. Gifts received with a donor stipulation that limits their use are reported as temporarily or permanently restricted revenue and net assets. When a donor stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as net assets released from restrictions. Gifts having donor stipulations which are satisfied in the period the gift is received are reported as unrestricted revenue and net assets. Gifts and investment income that are originally restricted by the donor and for which the restriction is met in the same time period are recorded as temporarily restricted and then released from restriction.

Unconditional gifts expected to be collected within one year are reported at their net realizable value. Unconditional gifts expected to be collected in future years are initially reported at fair value determined using the discounted present value of estimated future cash flows technique. The resulting discount is amortized using the level-yield method and is reported as contribution revenue.

Contributions receivable are reduced by an allowance for uncollectible pledges based upon historical information for pledge performance and known uncollectible pledges.

Conditional gifts depend on the occurrence of a specified future and uncertain event to bind the potential donor and are recognized as assets and revenue when the conditions are substantially met and the gift becomes unconditional. At September 30, 2012, approximately \$297,600 of conditional promises to give were available to the Foundation based on matching requirements by the donor.

Contributed Services

No amounts have been included in the consolidated financial statements for contributed services. Kiwanis pays for most services requiring specific expertise. However, many individuals volunteer their time and perform a variety of tasks that assist Kiwanis with specific assistance programs, campaign solicitations, and various committee assignments.

Dues and Service Fee Revenue

Membership dues, fees and subscriptions are collected from clubs on a worldwide basis, and are recognized when earned. Clubs are billed annually and may pay a one-time life membership fee for certain members. Life member fees are recognized as revenue when received.

Merchandise Inventory

Merchandise inventory consists primarily of Kiwanis logo merchandise. Inventories are stated at the lower of cost or market. Cost is determined using the weighted-average method.

Kiwanis International and Affiliates

Notes to Consolidated Financial Statements

September 30, 2012 and 2011

Currency Exchange Transactions

Gains and losses relating to currency exchange transactions are recorded in the consolidated statements of activities as a component of general and administrative expenses.

Self-Insured Medical Plan

Kiwanis has elected to act as a self-insurer for certain costs related to employee health and accident benefits and has purchased stop loss insurance to limit the uninsured liability. Costs resulting from uninsured losses are recorded as expense when incurred.

Income Taxes

Kiwanis is not subject to income taxes except on unrelated business income. Kiwanis International, Circle K, Key Club and the Foundation are exempt under Section 501 of the U.S. Internal Revenue Code. The Foundation is not considered to be a private foundation. Gross unrelated business revenues amounted to \$80,287 and \$179,553 for the years ended September 30, 2012 and 2011, respectively.

Kiwanis files tax returns in the U.S. federal jurisdiction. With a few exceptions, Kiwanis is no longer subject to U.S. federal examinations by tax authorities for years before 2009.

Functional Allocation of Expenses

The costs of supporting the various programs and other activities have been summarized on a functional basis in the consolidated statements of activities. Certain costs have been allocated among the program services, general and administrative and fundraising categories based on cost allocations estimated by Kiwanis personnel.

Reclassifications

Certain reclassifications have been made to the 2011 financial statements to conform to the 2012 financial statement presentation. These reclassifications had no effect on the change in net assets.

Note 4: Beneficial Interest in Assets Held by Others

The Foundation has agreements with the Kiwanis Foundations of Canada, Jamaica and Japan that provide for contributions made to the Foundation to be held in those countries by the respective local foundations. The agreements also provide for the local foundations to recommend grants to be made from those funds that are ultimately approved by the Foundation. At September 30, 2012 and 2011, the balance of the beneficial interest in assets held by others was \$163,570 and \$133,086, respectively.

Note 6: Liability Insurance Program

Kiwanis maintains comprehensive general liability insurance for its members in the United States, Canada and the Caribbean. The policy is intended to provide legal liability insurance for sums which insureds may become legally obligated to pay as damages to third parties for bodily injury or property damage arising from a Kiwanis-sponsored function or activity. Each club in the U.S. and Canada is assessed \$12.00 per member annually. Caribbean clubs are assessed \$1.50 per member annually. Kiwanis is partially self-insured and pays the first \$75,000 per occurrence with a maximum annual self-insured aggregate exposure of \$1,000,000.

At September 30, 2012 and 2011, Kiwanis accrued \$875,201 and \$1,060,733 in relation to this program. The liability insurance accrual represents Kiwanis' best estimate of claims and fees that were incurred but unpaid as of the end of the fiscal year. Management believes that the provision for liability insurance will be adequate to cover the ultimate net cost of losses incurred to the statement of financial position date. The provision is an estimate and may ultimately be settled for a significantly greater or lesser amount and it is at least reasonably possible that management will revise the estimate in the near term. Any subsequent differences arising are recorded in the period in which they are determined.

Note 7: Annuities Payable

The Foundation has been the recipient of several gift annuities which require future payments to the donor or their named beneficiaries. The assets received from the donor are recorded at fair value. The Foundation has recorded a liability at September 30, 2012 and 2011, of \$135,876 and \$162,947, which represents the present value of the future annuity obligations. The liability has been determined using discount rates ranging from 3.2% to 9.0%.

Note 8: Temporarily Restricted Net Assets

Temporarily restricted net assets at September 30 are available for the following purposes or periods:

Note 10: Endowment

The Foundation's endowment consists of approximately 20 individual funds established for a variety of purposes. As required by accounting principles generally accepted in the United States of America (GAAP), net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.

Kiwanis International and Affiliates
Notes to Consolidated Financial Statements
September 30, 2012 and 2011

The Foundation's governing body has interpreted the State of Indiana's Prudent Management of Institutional Funds Act (SPMIFA) as requiring preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets the original value of gifts donated to the permanent endowment plus the original value of subsequent gifts to the permanent endowment. The remaining portion of donor-restricted endowment funds is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds:

1. Duration and preservation of the fund
2. Purposes of the Foundation and the fund
3. General economic conditions
4. Possible effect of inflation and deflation
5. Expected total return from investment income and appreciation or depreciation of investments
6. Other resources of the Foundation
7. Investment policies of the Foundation

The composition of net assets by type of endowment fund at September 30, 2012 and 2011 was:

	2012			Total
	Unrestricted	Temporarily Restricted	Permanently Restricted	
Donor-restricted endowment funds	<u>\$ (30,128)</u>	<u>\$ 1,792,006</u>	<u>\$ 11,130,140</u>	<u>\$ 12,892,018</u>

During 2011, the Foundation reevaluated its calculation of underwater endowments based on the application of the spending rate and investment income allocations. Based on this evaluation, it was determined that \$678,759 was required to be included in the various endowment funds.

Amounts of donor-restricted endowment funds classified as permanently and temporarily restricted net assets at September 30 consisted of:

	2012	2011
Permanently restricted net assets - portion of perpetual endowment funds required to be retained permanently by explicit donor stipulation or SPMIFA	<u>\$ 11,130,140</u>	<u>\$ 10,843,493</u>

Notes to Consolidated Financial Statements

September 30, 2012 and 2011

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level the Foundation is required to retain as a fund of perpetual duration pursuant to donor stipulation or SPMIFA. In accordance with GAAP, deficiencies of this nature are reported in unrestricted net assets and aggregated \$30,128 and \$124,014 at September 30, 2012 and 2011, respectively. These deficiencies resulted from unfavorable market fluctuations that occurred shortly after investment of new permanently restricted contributions and continued appropriation for certain programs that was deemed prudent by the Board of Directors.

The Foundation has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs and other items supported by its endowment while seeking to maintain the purchasing power of the endowment. Endowment assets include those assets of donor-restricted endowment funds the Foundation must hold in perpetuity or for donor-specified periods, as well as those of board-designated endowment funds. Under the Foundation's policies, endowment assets are invested in a manner that is intended to produce results that exceed the price and yield results of the Standard & Poors 500 index while assuming the lowest possible risk. The Foundation expects its endowment funds to provide an average rate of return of approximately 10% annually over time. Actual returns in any given year may vary from this amount.

To satisfy its long-term rate of return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both current yield (investment income such as dividends and interest) and capital appreciation (both realized and unrealized). The Foundation targets a diversified asset allocation that places a greater emphasis on equity-based investments to achieve its long-term return objectives within prudent risk constraints

The Foundation has a policy of appropriating for distribution each year up to 4% of its endowment fund's average fair value over the prior 12 quarters. In establishing this policy, the Foundation considered the long-term expected return on its endowment. This is consistent with the Foundation's objective to maintain the purchasing power of endowment assets held in perpetuity or for a specified term, as well as to provide additional real growth through new gifts and investment return.

Note 11: Disclosures About Fair Value of Assets and Liabilities

ASC Topic 820, *Fair Value Measurements*, defines fair value as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Topic 820 also specifies a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The standard describes three levels of inputs that may be used to measure fair value:

- Level 1** Quoted prices in active markets for identical assets or liabilities
- Level 2** Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in markets that are not active; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities
- Level 3** Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities

Following is a description of the valuation methodologies and inputs used for assets and liabilities measured at fair value on a recurring basis and recognized in the accompanying consolidated statements of financial position, as well as the general classification of such assets and liabilities pursuant to the valuation hierarchy.

Investments

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 securities include money market funds, common and preferred stocks and mutual funds. If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics or discounted cash flows. Level 2 securities include U.S. Government and related agency securities, international bonds and corporate bonds. In certain cases where Level 1 or Level 2 inputs are not available, securities are classified within Level 3 of the hierarchy and include investments in limited partnerships.

Beneficial Interest in Assets Held by Others

Fair value is estimated using the values of the underlying assets, which represent cash accounts held in foreign countries. Due to the nature of the valuation inputs, the interest is classified within Level 2 of the hierarchy.

Note 12: Line of Credit

International has a bank loan agreement which provides an unsecured \$2,000,000 line of credit for short-term borrowings. At September 30, 2012 and 2011, there were no borrowings outstanding under the line of credit. Interest on line of credit borrowings is payable monthly at the greater of 3.00% or the Bank's prime interest rate less 1.0%. The line of credit expires on February 13, 2013. The line of credit agreement requires Kiwanis to maintain certain financial statement ratios. At September 30, 2012, Kiwanis was in compliance with these requirements.

Note 13: Operating Leases

International rents various items of equipment under long-term noncancellable operating leases, which expire at various dates through January 21, 2018. Rental expense for these leases included in the consolidated statements of activities for the years ended September 30, 2012 and 2011, was approximately \$163,000 and \$172,000, respectively.

Minimum annual rental payments required under noncancellable operating leases, which have remaining terms in excess of one year as of September 30, 2012, were as follows:

2013	\$ 84,877
2014	56,688
2015	56,688
2016	48,298

Note 14: Employee Benefit Plans

International has a defined-contribution 401(k) retirement savings plan covering substantially all employees (including employees who provide services for Key Club International, Circle K International and Kiwanis International Foundation). International makes matching contributions up to a maximum of 4% of the compensation that each employee contributes to the Plan. Kiwanis' contributions and administrative fees for the Plan were \$209,737 and \$207,271 for the years ended September 30, 2012 and 2011, respectively.

Note 15: Significant Estimates and Concentrations

Accounting principles generally accepted in the United States of America require disclosure of certain significant estimates and current vulnerabilities due to certain concentrations. Those matters include the following:

Litigation

International is a party to pending legal actions related to the liability insurance provided to its members and is vigorously contesting these legal matters in conjunction with its insurance carriers. While it is not feasible to predict or determine the outcome of such actions, it is the opinion of management that such actions will not ultimately result in liability that would have a material adverse effect on the consolidated financial position of Kiwanis. Management's best estimate of the future liability for these claims is included in the liability insurance accrual.

Kiwanis is subject to other claims and lawsuits that arise primarily in the ordinary course of its activities. It is the opinion of management that the disposition or ultimate resolution of such claims and lawsuits will not have a material adverse effect on the consolidated financial position, change in net assets and cash flows of Kiwanis. Events could occur that would change this estimate materially in the near term.

Current Economic Conditions

The current protracted economic decline continues to present not-for-profit organizations with difficult circumstances and challenges, which in some cases have resulted in large and unanticipated declines in the fair value of investments and other assets, declines in membership dues, merchandise sales and contributions, constraints on liquidity and difficulty obtaining financing. The consolidated financial statements have been prepared using values and information currently available to Kiwanis.

In addition, given the volatility of current economic conditions, the values of assets and liabilities recorded in the consolidated financial statements could change rapidly, resulting in material future adjustments in investment values and allowances for receivables that could negatively impact Kiwanis' ability to meet debt covenants or maintain sufficient liquidity.
